

RPM+ is a self-paced daily Bible-reading concept that rightly divides the Bible's 1,189 chapters into four monogrammed sections:

Each morning begins by reading a chapter from the essential R section. As your daily appetite grows, read additional chapter(s) from: P; then M; then +.

Each section's bookmark returns to the front end of that section after reaching the back end; e.g., the R bookmark cycles back to Romans 1 after reaching Revelation 22.

Expect mighty answers to prayer as you abide in Him, and His words abide in you (John 15:7).
